

5-5-2020 Assignment

Hey parents and students! Here is this week's quick English lesson for you all:

This week I would like for you all to conduct a small research project on a hobby of yours. Teach me about this hobby in your own words. It can literally be anything. Remember to give specific details about it and inform me about this hobby that you enjoy. Assume your audience (me) knows absolutely nothing about your hobby. It can be anything from playing an instrument to a favorite game, or even flying a kite. I'm looking forward to seeing these and learning a little bit from you all. Take care and stay safe, Mr. G.
