

Hello class! So we are not going to get to come back to school this year and I really hate that. I do have a few prompts for you to considered for your journal this week .

How do you feel about school being called off? Psyched that you don't have to come to school? board? worried? bummed that you wont get to see your friends? What has changed for you because of this? What kind of things are your families thinking/saying/doing?

remember to do your 3 news article reviews each week and two entries in your journal
