

Hi everyone, another week of distance learning. You will need to continue with your current event assignment you have already been given. Your "living through history" journal will need 3 entries this week. Your suggested prompt for this week is, I watched a news report/read an article about _____. It helped me understand _____. If any of you need help with assignments, questions about school, or just want to say hi!, please do so. I miss all my students. Hope to hear from you soon.
